

# 2015 Graduate Student Research Symposium & 2015 Schofield Memorial Lecture

Wednesday, November 18  
OVC Lifetime Learning Centre

## Featuring: Dr. Martin Sheldon DVM, PhD

Professor Martin Sheldon is a veterinarian with an interest in the molecular mechanisms of infection and immunity. Professor Sheldon was in clinical practice for 14 years. He then moved to the Royal Veterinary College, where he participated in clinical teaching and developed his research interests.

Professor Sheldon completed a PhD in 2002 using a combination of clinical and laboratory studies. In 2006

he won a BBSRC Research Development Fellowship to move to full-time research and study fundamental questions about the biology of infection and immunity.

In 2008 he established a laboratory at Swansea University Medical School focussing on reproductive immunology. In 2013, Professor Sheldon's research was recognised by the award of FRCVS.

**Topic:**  
*A Trail in Discovery from Animal Disease and Infertility to Innate Immunity*

## Schedule of Activities:

10:00 - 11:30 AM	Poster Presentations	1707 B/C
12:30 - 3:30 PM	Oral Presentations	1713/1715
3:30 - 4:30 PM	Schofield Memorial Lecture	1714
4:30 PM	Awards Ceremony & Reception	1707
